Dear Bruce and all patrol friends,

Unfortunately, O.C. and SAJ officially have to announce that 18th FIPS congress in Japan need to be cancelled for this time.

As you know through all kinds of medias, Japan and Japanese are facing terrible tragedy that we have never experienced in our long history...

Hokkaido includes Rusutsu is just fine ;however, many prefectures still suffer from this disaster.

Continuous afterquake is still present and really scary thing is that we have no idea how nuclear plants in Fukushima goes...

We can't lay you on the line in anyways.

This decision was made with pain and sorrow.

We absolutely would like to hold congress in Japan in the future(even next year) if it is accepted by all FIPS members. Everything was prepared and we were ready to go.

All your fees should be refunded except commission.

*If you have any questions, please don't hesitate to contact me.
I will post all details later.*

*We appreciate your kindness and thoughts toward Japanese people.
And thank you very much for your friendship.*

*Best Regard,
O.C. of 18th FIPS congress, SAJ, Kimi Sakai and Suto.*
